

IN THE DRAWINGS

The Applicants filed a revised set of drawings with the previous Response to Office Action, dated January 9, 2004. The Examiner's objections were deemed to have been appropriately addressed in the revised drawings. The most recent received Office Action (dated 4/08/2004), however, indicates that the Examiner still objects to drawings filed on "05 January 2000." *See* Office Action Summary Page. The Office Action, however, fails to specify the objections with any particularity. The Applicants assume that the Examiner did not receive the revised set of drawings previously submitted. As such, the Applicants are once again enclosing Figures 1-3 that were submitted earlier. As noted before, no new matter has been added as a result of the amendments to the drawings.
